

Richmond Park

The well known sub-division and beauty spot of Strathcona has been put on the market, without reservation, and it is our solid conviction that in this park there is a wealth of comfort and money for those purchasers who either wish to retain their lots and build or to sell later.

For some time Strathcona has been slowly but surely growing, and many speculators jumped in on chances in real estate at very insignificant prices. To-day these speculators are wealthy, and Strathcona has been continually in the public eye to such an extent that speculators have been replaced by investors and the consequence is that properties are now bringing in a handsome yearly return. On account of this steady up grade we have decided to push the sale of **Richmond Park** now, as the future prospects combined with the present and past are sufficient inducements for our confidence,

Without exaggeration we say there is

Absolutely None Better Not Make You Money

than this **PARK**. It is less than one-half mile from Whyte Avenue and adjoining a well built up district, only a road dividing the two properties. These homes are comprised of very attractive residences.

RICHMOND PARK lots are high in situation and very dry. Sidewalks are now laid up to the property. Yesterday we sold 107 lots of this desirable land, and the demand is not decreasing.

To purchasers desiring half or whole blocks we are prepared to make special inducements concerning price and terms. To others the

NEWS OF STRATHCONA

OVER CROWDED CARS CAUSE COMPLAINT

Strathcona Authorities Are Urged to Take Action to Remedy Present Conditions on the Interurban Line—Passenger Often Left Behind.

Indignation among strathcona people is rapidly growing over the entirely inadequate car service that is being provided by the street railway. During the past few weeks the traffic has grown immensely but nevertheless there is still the same old half-hour service which is far from sufficient to meet the requirements.

For some time back there has been a car in the afternoon and the early part of the evening that is not crowded to the doors and there are many strathcona people, who travel daily, who are unable to get a seat from one end of the week to the other.

It is not unfrequently either that the cars, even crowded beyond the safety point, and with men and boys clinging outside to the readers are unable to accommodate all the passengers and people are left on street corners and at the bridge for half an hour till another car comes.

Such conditions are far from creditable to the management and call for some action on the part of the strathcona council.

Already there are many complaints to the aldermen and no time should be lost in making representations to the Edmonton commissioners and aldermen that will lead to a twenty-minute service at least during the afternoon and evening.

Present conditions are intolerable and call for some drastic action at once by the strathcona authorities.

LOCALS.

Rev. H. E. Gordon, Strathcona, was the speaker at the Evangelical meeting in Normand Methodist church, Edmonton, last night.

The ice on the river between the Parliament buildings and Walter's mill is pronounced unsafe and government officials residing in Strathcona are now going around by the road.

Strathcona property, both business and suburban is reported to be moving rapidly and a number of Whyte avenue jobs have been turned over this week. There is considerable demand especially in the west end of Whyte avenue.

Applications for the position of city policeman, instead of Patrimoine McIntyre resigned, have been received from Chas. Anderson, Red Deer, P. Hardy and T. Godowski, strathcona. They are being considered by the police committee.

Next Monday afternoon (April 3rd) meeting of the Local Council of Women will be held in the strathcona council chamber, four guests. Members of the Edmonton Council of Women will address the gathering. It is hoped that every woman in the city who is interested will be present, and a cordial invitation to attend is given.

This (Thursday) evening, March 30th, the members of the local lodge of the Sons of England Society will hold their annual supper in the basement of the Metropolitan church commencing at 7:30. The supper, which is open to all members and friends, will be followed by a concert in the lodge room.

The athletic grounds in the south end should respond to an ovation of pickin' booting this season, if all the organization plans for the association game followers in town materialize. The danger is that there may be too many teams to permit any of them being of the strength required to run away with any honors in the inter-city league. The Young Men's Club is signing up men for the team and from the membership of two hundred or more should pick a strong eleven. A number of players have already announced their willingness to play and the first work-out will probably be turned on within the next few days. An effort is being made in the ranks of last year's city team in the inter-city league to revive interest and there are said to be a number of best men available for this eleven. From the sons of England Society is apparently to come the third city team in the city, it being announced that preparations are being made for putting a team in the field very shortly. This team should be one of the strongest in the city, both Varsity and Collegiate, and are going in for the association game match Saturday. The upper-room students winning by a score of 1-0.

Varsity has a number of first-class men on their line-up and will probably try and arrange several inter-collegiate games before they leave for the summer vacations in June. The C. E. L. side, who have not previously announced intention to play, feel their season within the next few weeks for the Rutherford Cup, and from this time on are going to practice steadily to make up for the two years' shelving given the team. The High School competes a checker lot of material and a month's continuous

training ought to put the team in the fettle for a hard battle for the Collegiate mug, now held by the spears. Red Deer boys.

BIG STEEL RAIL ORDER.

Grand Trunk Buys 10,000 Tons From the MIM at Sydney.

Toronto, Mar. 28.—The Grand Trunk railway has ordered 40,000 tons of steel rails from the Sydney, Cape Breton, mill, to replace 250 miles of its tracks in Western Ontario. The order amounts to more than one million dollars. The company will ship 200 miles of displaced track to the west for yards and sidings on the Grand Trunk Pacific. Some of these rails have been in use since 1849, but are still good, having been imported from England. Being only 46-pound and 56-pound rails, they are too light for heavy through traffic. Another order may be placed with the 800 corporation this summer.

BIG CEMENT PROJECT.

English Company to Establish Plants in Canada.

Vancouver, B. C., March 28.—The establishment of a number of plants from the Atlantic to the Pacific is contemplated by the Associated Portland Cement Company, of London, England, one of the richest corporations in the world, and H. K. Bamford, managing director, and H. D. Anderson, associate, are in Vancouver and Victoria negotiating for a desirable site.

The plants of the company involve an expenditure of millions of dollars in the Dominion.

SASKATOON TO TAKE
CASE TO COMMISSION

Herby Pickers Take Moose Jaws Case to Commission

Saskatoon, March 29.—The prospect of some day dropping out of the Western Canada baseball league has again revived talk in Saskatoon.

Whether or not the league would make a bid for the vacancy on the circuit seems to be a matter of opinion.

It is believed that the league will not enter in the league it will not be at the cost of meeting the claim of the city with the local club at the annual meeting for 1911.

At the present time to have this claim settled before the national commission for a ruling. Opinion in some quarters is that Saskatoon would do as well to stay out of the league this year on the ground that the Maroons and Alberts teams are backing the Northwestern circuit.

WINNIPEG PLAYERS
SORE ON BALL CLUB

No Manager and No Team in Sight, Yet "Play Ball" is the Cry from the Players.

Winnipeg, March 29.—Baseball prospects in Winnipeg are not very bright at present. There is no team in sight, and the players are sore on the ball club.

No manager has been signed, and the management will not give out any names of the men desired or who are likely to wear Maroon uniforms.

The fans are beginning to worry, as the little less than over a month and all the opening game no manager or players have been announced.

CONVENTION CELEBRATION

Editor Bulletin.

Sir—Will you kindly allow me space in your valued paper to express my opinion as to the proposed program for the convention day celebration. Now, sir, I think it a mistake to put off the parade, etc., until the afternoon. I see no reason why they could not be arranged to start at ten o'clock a.m. and would thus leave the afternoon open for sports of various kinds. I would also consider it advisable to offer prizes of a good size for the best trade display and most original costume or team. It looks to me as though the working man, has not been considered in it at all. By the workman I mean the man who labors with his muscles. There of course are other working men, but many of them would not wish to be classed as such.

I see they have arranged a big ball for the evening. Now, sir, can you tell me how many of the laboring class would attend such a thing, or would want to do so. What has been arranged for their enjoyment in the evening? Fireworks, you say? Wonderful, with an estimated outlay of \$5,000 to \$6,000 for a celebration of this kind that the working man should receive as such a privilege of seeing at the heavens to see sky rockets and such exploits. How much in the meantime will this grand ball cost? It surely is time for the working man to awake. Class distinctions is becoming more prevalent here in this boozed city, and soon will be as bad as conditions are in this regard in England, or like caste classes of India. It is not long since I read in one of the daily papers where 1,000 tags had been ordered to mark or hand those who labor for the city. Let all unite—celebration one of credit to the city and this can only be done by adding and offering inducements to those who may feel they are excluded to cooperate and boom this celebration. Thanking you for this paper, I am, sincerely yours,

STON

Bulletin News Service.

The anniversary of St. Patrick's Day was celebrated here as usual by

a dance in the spacious hall, which was well attended by friends from all parts of the unit, who commenced arriving at seven o'clock in the evening and continued until about nine o'clock, when about one hundred had assembled. Dancing commenced about eight o'clock to the strains of the 8th Amateur Orchestra, who rendered an excellent programme of new and up-to-date music.

The wearing of the green was a great feature of the evening, and between dances there were songs, etc., given by Mrs. F. Conna, Mrs. P. Priestley, F. Davis and Williams, which made pleasant little breaks and gave the dancers a few special moments from their exertions.

This was the last dance of the season and many turned up from River qui Parle, Lac La Poudre and Indian Lake, all of whom were sorry to have to say goodbye to the excellent dancing floor of the hall, and also to the orchestra, which has been such a great attraction all through the past winter, and to its members, a hearty vote of thanks was accorded and with the hope of soon hearing from again.

The party broke up about five o'clock on Saturday morning, the homeward journey being lit up by a beautifully bright moon.

The next event in connection with the hall amusement committee will be out-of-door sports in the coming summer.

CAMROSE

Bulletin News Service.

That some attention will be paid to the exploration of natural resources of the Camrose district this season is evident by events which have transpired during the past week.

It is stated on good authority that a syndicate of local investors is to be formed to commence drilling operations for natural gas. Success is considered not at all unlikely as the general geological formation is quite similar to that of other gas producing areas. Camrose lies on the direct line between the two great gas producing districts of Alberta, Athabasca Landing and Medicine Hat.

Moreover gas has been discovered at Haveli, Wainwright and Delamater in the province of well digging and tests are now being made at Wainwright.

A farmer at new Delapra claims his land is rich in oil. He has a sample into Edmonton recently, it is tested by an expert who made a report that it was good.

J. Smith, representing the Pioneer stable, has been the one of two pure bred Percheron stallions in the Camrose district one of them is "Indian," a black three-year-old, weighing nearly 2,000 lbs., which was purchased by E. J. Leppie.

The other stallion is an excellent one and changed hands for \$1,000, before the property of the Camrose Percheron Association.

The feature of Andrew Yegle's sale last week was the auction of 23 head of horses, 20 males and 3 females, and \$302.50, respectively, and the rest of the bunch brought equally

good prices. Total receipts of the sale were \$1,870.

McMillan who left here on a visit to his old home in Moravia, N. Y., on December 11th, returned to Camrose this week. He says there will be a number of farmers from New York state here this year with small capital.

Punies were picked in the garden of Mrs. A. Cunningham on Friday, March 17th.

The street lights which have been delayed ever since the completion of the power were turned on last week. They give entire satisfaction.

Camrose, March 24th.

CROMDALE

Two days ago we extended an invitation to you to take a ride out to CROMDALE, and see what we were actually offering. Whether you went or not, sir, we do not know, but a considerable number availed themselves of the opportunity with the result that they are now owners of lots situate amongst some of the finest scenery in Edmonton, almost surrounded by the street car service which touches the property in several places, is adjoining the fair and exhibition grounds and overlooks one of the prettiest and most secluded parks in

Alberta. Every lot is in fine shape, and the unsold balance—many of which occupy prominent corners—are valuable purchases. Will you make your selection now, or wait until too late? We are selling CROMDALE at the rate of \$10,000 a day nearly. Surely that is ample proof of its adaptability to conditions prevailing in Edmonton. Once more allow us to emphasize this point—that CROMDALE is not a sub-division, but a genuine "inside" deal upon which you should be able to make good returns.

AROUND THE CITY

LOCALS

The Canadian Army of Officers' friends, Council No. 142 held a dinner last Tuesday evening. The members and their friends spent a very enjoyable evening.

The commissioners of the local 6-10 men and band of the Salvation Army for the year 1911 will take place in the Salvation Army barracks tonight at eight o'clock.

Quite a little excitement was raised yesterday when a hungry couple came in the yard of the Oddfellows' Hall. A number of men chased it and it was killed near the river bank.

Sister St. Francis, who has been associated with the Missionary Hospital since 1889, left Edmonton on Friday last for Oak Park Hospital, Chicago.

The House of Commons dinner will take place tomorrow evening, Friday, in the Regent Hotel Hall, starting at 7:30 and ending at 12 p.m. This society will also have a box social on Monday next, April 3rd, to be held in the Oddfellows' Hall, Newwood Block.

HOUSTON WAS CONVICTED.

In the District Court yesterday afternoon Houston, the colored man, accused of keeping a disorderly house on Kinsdale avenue, was convicted. On Friday he will face two further charges of having women for immoral purposes.

Ray Sherman will come up on Saturday on a charge of "procuring" a woman who was kept at this resort.

FORMAL OPENING OF SCHOOL.

The new school will be formally opened by the Hon. C. B. Mitchell on Friday next at 2 p.m. A programme has been arranged which will include speeches by the Attorney General and a number of visitors, escorted by the school children and musical selections. At the conclusion of the programme there will be an inspection of the school after which light refreshments will be served by the trustees.

The Hon. Frank Oliver, in honor of whom the building is named, was asked to preside at the opening ceremony, but as he will be detained in Ottawa for some time, it has been decided to delay the function no longer.

DEATH OF DANIEL E. NOYES.

Another of the old timers of the Edmonton district passed away yesterday in the person of Daniel E. Noyes, who has given to the northern part of Noyes Crossing his name. The late Mr. Noyes was taken ill last November and gradually sank till the end came.

The deceased was born at Cheltenham, Vermont, on Nov. 4th, 1818. In 1841 he crossed the Panama isthmus and went to the California gold fields. From there he came to Edmonton in 1866. In 1868 his marriage took place to Adelaide V. Branson, second youngest daughter of the Hudson's Bay factor of that name.

In 1872 he went to Jasper House in the Rocky Mountains, where he spent two years hunting. In 1874 he came back to Edmonton and here he lived until 1876. He married the daughter of the place and the following nine years were spent in trading with the Indians of the Rockies and foothills.

After a visit to his old home in 1895 he returned to Edmonton. He purchased a steam engine and sawmill. These he erected at Noyes Crossing and later started a hotel there with his two sons, Daniel and David. In 1906 he was appointed postmaster at Noyes Crossing and in 1908 he retired from the hotel and went into private life. He leaves to mourn his wife, five daughters and seven sons. The daughters are Mrs. Robt. Vadur, Noyes Crossing; Mrs. Eliza Matzner, Noyes Crossing; Mrs. Mary Noyes Crossing; Mrs. George, Daniel and Wallace of Noyes Crossing; Mrs. Robert Alfred, David and Richard of the same place. He has also two sisters, Mrs. W. Walker, Cheltenham, Vermont and Mrs. A. Dodge of the same place, and one brother, Mr. Noyes of Rutland, Vermont.

HITLER MATCHES.

The March matches in the gallery and miniature series of the Canadian Rifle League, were held by the 104th at their Armoury on Thursday and Saturday last week, when some very fine scores were put up, as shown by the detailed statement below.

This concludes the series, but the standing of the team will not be known for some time as returns from the whole Dominion have yet to be compiled before the list can be established. In the score of this month, in each series only three shots were outside a one-inch circle, although in each team in each series, although in each state of proficiency on the part of those whose names appear, but more or more were counted out in the gallery and 34 in the miniature.

The results are as follows:

DISCUSSED PLANS FOR CORONATION PAGEANT

Representative Committee Appointed at Last Night's Meeting—Comprising Citizens of Various Professions and Occupations—Made up of Character of Celebration.

Preparation for the Coronation Day pageant were given an impetus that will do much to carry them to a successful issue when, at a well-attended meeting in the city hall, last evening, a steering committee, of representative citizens, with Jas. McGeorge as convener, was organized for the purpose of making all necessary arrangements.

Major Armstrong, who was to have presided at the gathering, was unable to be present, and the chair was occupied by Mr. McGeorge. At the suggestion of the chairman, the evening was devoted to a general discussion of the form which the celebration should take, and a number of interesting and useful suggestions were made, which will be considered by the committee at a meeting to be held in the city hall.

Appointed Committee. Col. Edwards, as chairman of the nominating committee, appointed at the previous meeting, submitted a preliminary recommendation of the appointment of the following committee, which was approved by the assembly, and to the provision that the committee should have power to add to its members.

J. McGeorge, Sam Smith, C. W. Chapman, A. C. Fraser, Edward George, Chas. Watson, J. C. Dawes, W. J. Wilson, R. Lawrence, H. H. Martin, H. H. Clark, W. R. Cundy, J. W. Mould, H. M. Turner, J. J. Anderson, T. M. Turner, H. H. Clark, J. J. Anderson, T. M. Turner, H. H. Clark, J. J. Anderson, T. M. Turner.

Honorary members: Mayor Armstrong, Col. Edwards, officer commanding 104th Regiment, Mayor Johnston, J. J. Anderson, T. M. Turner, H. H. Clark, J. J. Anderson, T. M. Turner, H. H. Clark, J. J. Anderson, T. M. Turner.

A Representative Selection. The opinion was expressed that the committee should have been so selected that all the various organizations would be represented. Col. Edwards explained that it had been the object of the committee, merely to select a number of representative citizens without reference to their connection with fraternal organizations, whether national or of any other sort.

Mr. McGeorge said the problem which had been raised, suggesting that the committee be given power to add to its members. As the convener of the committee, he said, he would be inclined to do so.

By the co-operation of the various organizations, he would advocate that the committee be composed of the president and secretary of each of the societies. Personally he did not think it was working as well as it should, and he was working as well as it should.

He was acting simply as a spokesman for the committee. He thought that on this occasion there should be fraternalism in the effort to promote a loyal Canadianism.

Will Meet Shortly. A meeting of the committee will be called in the near future by the convener, Jas. McGeorge, for the purpose of making the arrangements in the several departments, their action being subject to ratification by the central committee.

One of the features of the evening was the presence of a delegation of citizens, with R. Lawrence, president, superintendent of the Chinese school, as their spokesman. The announcement of Mr. Robertson that the Chinese citizens had requested him to express their desire to participate in the celebration was greeted with hearty applause. He stated that he was commissioned to say that the Chinese citizens were fully conscious of the advantages they enjoyed in this part of the Empire of which King George is ruler, and though for the most part not wealthy, were eager to contribute their share of the expenses which might be incurred, and also, to take part in any manner which might be deemed fitting.

Should Be Free of Charge.

The meeting was practically continuous in the opinion that such announcements as were presented on Coronation Day should be given free of charge. The amount of \$15,000 mentioned as that which it would be necessary to raise in order to defray the expenses, was generally regarded as excessive, and it was felt that a most creditable and imposing pageant could be arranged without incurring extraordinary expenses.

Mr. McGeorge said that he had no doubt that the city council would be prepared to vote a sum of money for the purpose. The action, he said, was not the effort of any organization or set of organizations, but an effort of the citizens as a body. It was an effort on the part of the city of Edmonton to do honor to great occasion in the life of the Empire, and one therefore which might reasonably be expected to receive the support of the city council. He saw no reason, however, to suppose that they would require to spend so large a sum as \$15,000.

Children to Take Part.

R. C. Watson said that he had interviewed several members of the school board with a view to inducing the board to purchase a supply of coronation medals for the use of the children. They responded the proposal with favor and he thought the board should be formally approached by the committee on this matter. He also thought the school children should take part in the pageant.

Suggestions for the programme included a parade in which the massed bands and all of the fraternal organizations should take part, each providing an emblematic float, some of which would be decorated with flags and fireworks at the Exhibition Park the morning and a grand fire on the

etc. concert in the Thistle Hall in the evening. It is hoped that when it becomes generally known that an imposing celebration is to be held in the city, the various committees may be induced to provide special excursions from outside and an application will be made to the city council to provide special street car service to the place to which "Alice" will be made.

An Animated Picture.

The management of the Orpheum Theatre have stated that they are in a position to take an animated picture of the ceremony which will afterwards place at the disposal of the committee and which may be exhibited in England. The general feeling is that in addition to providing a suitable opportunity for an expression of loyalty on the part of the citizens of Edmonton, the picture cannot fail to afford a splendid advertisement for the city.

ENTERTAINMENTS.

A BIG EVENT. Almost every man, woman and child in the land is familiar with Lewis Carroll's popular fairy tale, "Alice in Wonderland." It is only within the last few years, however, that the book has been dramatized and set to music, but the success has been remarkable. The peculiar and quaint characters which "Alice" saw in her wonderful dream will be embodied in the new production of the Orpheum Theatre, Thursday, Friday and Saturday matinee, the week of March 29 and 31, and April 1, by the best local talent of the city. The management is under the direction of Col. John P. Braid, N.Y. City, and the able stage director, Edward J. E. Land.

Over 200 gorgeous costumes are used which are furnished by the management. MR. BORDEN TO REMAIN THE CONSERVATIVE HEAD

Ottawa, March 29.—It was semi-officially stated this afternoon that Mr. Borden has decided to stay in the seat of the majority of his followers who have abandoned any hope of a change. He had of examining his resignation to the party. Borden's indications are that the small "quorum" party, who were determined to make a change, have been rejected and have retired to zero.

REAL ESTATE BULLETIN

Namayo avenue and Jasper avenue, west end, create were in demand for business purposes today.

In residential properties, the H.B. Reserve and Great Estate were in good request. In the west end, with Nelson and Norwood, in the east.

In houses, the H.B. Reserve and Great Estate were in strong favor, in the west, with Norwood and River Lake. Twelve and Fourteen, in the east end.

Preference is being given to houses standing upon a full lot, six or eight feet, which is worthy of more by builders who are economizing ground by building several houses on one or two lots.

ALBERTA PARK

We have many good values in such houses as well as cheaper houses on part of lots. We are now selling three urban property very cheap, but excellent heavier dirt and sides when they are built, and the roads dry. Prices are advancing in vicinity. Have you secured that block you have been considering buying.

AN EDMONTON REPORT

The report published yesterday of the death of a young man, William Sedgewick, was erroneous. A telephone message from Sedgewick last night advised the granting information that Mr. Horn was alive and in excellent health.

The state was particularly fine, being large, well matured, and clean.

NORTHERN GRAIN SAMPLES

J. L. Cote, M.P.P. for Athabasca, handed over the board of trade this morning some fine specimens of northern grain. One sample was wheat grown by F. O'Garra, and the other, grown by F. J. O'Garra, both of Ironard.

The state was particularly fine, being large, well matured, and clean.

SUPREME COURT JUDGMENTS

Mr. Justice Simmons has given judgment for the plaintiff, with costs, in the case of Hunt v. Strathcona. This was an action brought by Frank Hunt of Vancouver, the plaintiff, against W. J. McNamara, Strathcona, the defendant, to compel specific performance of a contract for sale of lot 17, block 142, in the Carleton addition, Strathcona, or in the alternative, damages. Judgment is given for the plaintiff for \$22,130 with interest at five per cent from April 5th, 1907, and costs.

Mr. Justice Simmons in the case of H. M. E. Bang and E. L. Ferris vs. Alexander Houseman, an action for specific performance of an option. The case was dismissed with costs.

HEARING ADJOURNED

Robert Martin was arraigned in the Police Court this morning on the charge of fraudulent conversion of money to the amount of \$30 obtained on March 1st, under a distress warrant issued in the name of Colin Benis. It was alleged by the prosecution that Martin was given a distress warrant from Colin Benis, who he served it, and obtained the money, which was never paid to the complainant or his agents, although there were several times asked for it. The evidence produced showed that the money had not been paid to the complainant or his agents but there was no satisfactory proof that the money had been received by Martin. Magistrate Cowan, confining himself to the fact that there was evidence sufficient to commit, but not convict, the defense requested an adjournment till eleven o'clock tomorrow morning to obtain further evidence.

of sustenance diminished and little by little his feet were consumed. It was used to feed the tiny fire that drove off the gripping cold.

Starvation Cane.
Then starvation strode the lonely trapper in the face. The faithful dogs who had helped him back to life when it seemed as though he must have died on the trail were again called to help their master and the sole companions of his lonely misery had to be sacrificed for food.

But with disease and death at his elbow, the story in the little diary portrayed his simple faith and child-like trust in an all just God.
"I am not afraid to die," he wrote when privation upon privation was heaping itself upon him, "for God is with me and keeps up my spirits even when I am hungry and cold. I would be thankful if he would send my partners back, but he will do as he thinks best." And for six long days and six terrible nights, his indomitable spirit struggled against the inevitable and on the last sheet of his diary the dying trapper sends a last message to his far-off friends, "God bless you, boys," he wrote, "I am not in pain now. My provision is all gone, my food all gone; God's will be done, goodbye."

Partner's Final Body.
And then the everlasting silence. And so, in the later days his partners returned to read the words which they would have said. They were too late to help him and on their return to civilization they notified the police authorities and a coroner's jury has travelled north to the lonely shack to bring back their friend's body on its last long trip.

A WINNIPEG KNOCK AIDEN

Find Wife Who Deserted Him Eight Years Ago Again Married.
Toronto, March 29.—A special to the Mail and Empire from Detroit says: "A case with Ennoch Arden like features in which William H. Arden of Winnipeg and his two pretty daughters, now 16 and 10 years old, respectively play the personal part has just come to light. The man who has lived in Winnipeg for several years was deserted by his wife eight years ago. Until a month ago he could get no trace of her or his two young daughters."

Recently he learned that Mrs. Arden was living in Rochester, N.Y., thirty miles from Detroit and he came in search of her. He found she had been removed to Pontiac, where she married William Plan and gave birth to an other daughter, now nearly three years old. He took the matter up, successfully and his wife returned but was returned to Winnipeg upon her husband's request.

Los Angeles Takes Action.
Los Angeles, March 28.—A report of inspectors followed the coroner's inquest in New York, the city's building inspector of Los Angeles ordered the arrest today of twelve owners of buildings which are alleged to be dangerously equipped with fire appliances. A number of other owners have begun the work of equipping their buildings with proper apparatus.

Immigration Halt at Todole.
Todole, Sask., March 28.—Word has arrived from Ottawa that the Government intends halting an immigration halt this spring. This is greatly needed in view of the large influx of settlers coming into this part of Carleton River Valley.

IS TAKING SHELTON BACK TO MONTREAL

Chief McCaskill of the Provincial Detectives of Quebec Boches Pittsburgh to Get "Hot Hot Quick" Operator Recently in Montreal.

Pittsburg, Pa., March 28.—P. C. McCaskill, chief of the provincial detectives of Quebec, arrived here tonight to take Chas. D. Shelton, with many assumed names to Montreal, where he is wanted for "killing Hot Quick" operations involving several million dollars. McCaskill hopes to start back with the prisoner within forty-eight hours.

The authorities of Montreal, Mass., where Shelton, under the name of Robinson, has confessed to emphasizing upwards of \$100,000 twenty years ago are content to allow Montreal to prosecute Shelton, and it is stated the local authorities will do likewise.

The prisoner's real name is Robinson and he is a native of Sudbury, Cape Cod, where his parents still reside.

He was married at Dennis, Mass. After leaving Brockton, Shelton lived under the name of Chas. R. Wilson in New Bedford, Mass., and was principal of the grammar school there. He was in Montreal since 1903 and organized the Riverton Laundry Association, of which he was formerly president.

NEW CHURCHES FOR CALGARY.
Presbyterians, Baptists and Roman Catholics Have Outgrown Accommodation.

Calgary, March 29.—The Presbyterians and Baptists have sold their church grounds in the center of the city and will move to other portions of the city where they will build larger edifices on less expensive property.

Now the Roman Catholics have to enlarge. Rev. Father Lewis, parish priest of St. Mary's church, said this morning that they should decide to either pull down the present building known as St. Mary's church, on the corner of First street west and Richmond avenue, or build an extensive addition to the present church this fall. The congregation has grown so large that the capacity of the sanctuary is not much more than two-thirds what is required.

Also, a new altar, of the property to the C.N.R., the parish priest stated today, however that the present altar still belongs to the Catholics of the city and would belong to them in the future. The C.N.R. had never approached them in regard to the altar, and the new building, in addition to the present edifice would be located on the grounds they now occupy and own.

Hon. G. H. V. Bailey, Lieutenant-Governor of Alberta, has consented to officially open the horse show on the evening of April 18. The horses for their horse show close March 31.

The Dominion sheep commission arrived in the city this morning, and held a meeting. The commission consists of William Ryland of Brookings, Ont., and W. T. Rich, of Ottawa. Tomorrow the sheep commission met at Lethbridge and they will be here today and tomorrow. After leaving

Calgary they will meet again at Edmonton, March 31st and April 1 and will then continue their tour to Vancouver.

16 Storey Building for Winnipeg.
Winnipeg, March 28.—Peter Lusk & Son on behalf of an English syndicate have asked for a building permit for a sixteen storey building, costing one million dollars, on Main street between Storey, James, Adams and Water streets, the site being 125 feet wide with 240 feet depth, 125 feet and as the proposed structure will be 200 feet high there may be some difficulty.

LAVOY.
Bulletin News Service.

A meeting of the board of trade was held here last Saturday evening to appoint a committee to meet the Local Improvement council, which meets here at 1 p.m. today, to urge upon that body the necessity of improvement on roads leading into town. The attendance was large, nearly all the members being present.

Mr. H. B. Hughes, president of the board, spoke at considerable length on the matter of roads and invited discussion. Messrs. T. J. Duffy, W. J. Sandford, Robert Hughes and Geo. Walschley briefly with the question, bringing out the facts that Lavois was a poor inducement to farmers, namely, bad roads. They pointed out that steps should be taken at once to have these roads improved so that the town would receive its share of the business from the surrounding districts. On motion of Messrs. T. J. Duffy and S. D. Smith, it was decided that H. B. Hughes, Mr. J. Sandford, A. J. Pass, T. J. Duffy and J. Lavois be appointed a committee, meet at 10 o'clock on Monday, March 27, on motion of Messrs. Duffy and Sandford it was also decided that also a committee meet on Monday at 10 a.m. to draft plans of road in need of improvement.

After the correspondence received during the past week had been read the secretary was instructed to write the assistant general passenger agent of the C. N. R. at Winnipeg, with reference to a duplicate passenger service. It was also thought advisable to write the secretary of the Central Alberta Development League, asking him to correspond with other towns along the C. N. R. urging them to take immediate action in an effort to secure such a service.

The meeting then adjourned to meet again at the call of the president and secretary. A. A. Hughes still has a considerable amount of this grain but judging by the demand during the last few weeks one man having driven about, he might secure a load if it were so all along.

The farmers in this district are now preparing for spring work. According to reports received this week a considerable increase over that of last year. Agents for farm machinery report business very far better than any previous years.

Mr. Robt. Hughes returned last week from an extended visit to his old home in Ontario. Several parties here intend putting pressure boats on the lake this summer, one being a twenty passenger

launch. The lake is a very pretty one, being about five miles long and one and-a-half miles wide. It is usually adapted to boating, boating and shooting.

A special meeting of the railwaymen was held last week to discuss the advisability of installing fire apparatus. After considerable debating had been taken part in by the businessmen it was decided to make a dam and sink a well to be eight feet in diameter and deep enough to intercept any ample water supply. Eight or ten more force pumps will be in place.

The Local Improvement council held their regular meeting here last afternoon, those present being Councilors Strang, Henderson, Michels, Richardson, Hughes and Kennedy.

Secretary, Treasurer C. Card and suite a number of taxpayers. The most important business transacted was the election of a secretary-treasurer to succeed Mr. Card when resignation was read and accepted and the resolutions passed asking for grants from the provincial government to carry on the road work.

Mr. Austin McDonald, of Lavois, was elected secretary-treasurer by a majority of 1 to 2, his salary to be \$100 per annum.

On motion of Messrs. Strang and Richardson a vote of thanks was tendered Mr. Card for past services.

Mr. Sandford, from the board of trade walked upon the council asking improvement on certain roads leading to town and received at premises that their request would receive careful consideration.

The next meeting of the council will be held on Monday, June 26th at Lavois.

A petition is being circulated in the town and district asking our member to use his influence to have the road north of town made passable to the river. It is being largely signed and will not doubt have considerable effect.

Lavois, Mar. 27.

BEAVER HILLS.
Bulletin News Service.

"It gets to be hot." After long and persistent kicking on the part of the town and surrounding country it is understood an operator is to be placed in the station at Beaver Hills. Of course, this is good news to us.

And while kicking, why not kick with a tricycle mail service and an automobile telephone.

Mr. Stokke, principal of the Jennings school, is building a residence on the corner of Mr. Don's farm, the northwest corner of the N.E. quarter 34-1-1-1.

A successfully conducted sale was held at the residence of Mr. Armstrong, who has been a tenant on one of Mr. Don's farms.

A large sale is on the table for next week, three miles from the Port. Mr. York is making out and racing his place. He intends to join his brother in Winnipeg.

Mr. Sted, the Jackson minister in charge, has resumed his duties after an absence of two months.

Frank Woder is having fifteen acres of his farm cleared of bush, which property he had the balance of his quarter section.

Mr. Pluker is building on his homestead.

Face Sores and Eruptions

Zam-Buk Will Quickly Heal

The approach of Spring finds many people with unsightly face sores, eruptions, boils, etc. In this connection Zam-Buk is invaluable. It cures even the most serious and chronic cases of eruptions, acne and ulcers, as if by magic. It is so effective, any remedy could cure so quickly and at the same time so effectively, as Zam-Buk cured me. My face began to be covered with a kind of rash, which itched and irritated. The rash then turned to sores, which discharged freely and began to spread. I first tried one thing and then another, but nothing seemed to do me much good, and the eruption got worse and worse until my face was just covered with running sores. "Apoth from the pain (which was very bad), my face was such a terrible sight that I was not fit to go out. This was my state when someone advised me to try Zam-Buk. I got a supply, and within a week I could see that the sores were rapidly healing. A little longer, and Zam-Buk had healed them completely, and my skin was as clear as if I had never had a sore. We shall never again be without Zam-Buk in the house."

Zam-Buk is unsuitable for Spring sores, eruptions, children's sores, scabs, diseases, ringworm, ulcers, abscesses, cancer, rotter, piles, cuts, burns, trichinosis and skin itching and diseases generally. All druggists and chemists sell it. Price 25c. For free, please send stamp to: Zam-Buk, 25, Toronto, for price. Please send stamp to: Zam-Buk, 25, Toronto, for price. SPRING HATS

These are not of the regular millinery style. We do not run a millinery department in the ordinary sense of the word, but we certainly have a very fine collection of the less expensive hats, such as every woman needs during the summer. As a matter of fact many of these hats will bear comparison very well with the more extravagant fashions of hat.

STYLISH SAILOR HATS AT 65c UP

These are made of fine quality Canton straw, well finished and neatly lined. We have them in white with fancy band or black with black band.

READY-TO-WEAR HAT SHAPE AT \$1.00 UP

Stylish two-piece mushroom shapes, nicely made of Jap straw. The trimming of these is very simple, being silk or velvet bands. The colors are white, black, burnt and Saxe.

READY-TO-WEAR TURBANS AT \$1.00

Made of fancy all-over straw, trimmed with fobler ribbon, feathers and ornaments. The colors are black or burnt.

ANOTHER MUSHROOM SHAPE AT \$1.55

Nicely made of Jap or Brazil straw. White with fobler bands of colored silk.

READY-TO-WEAR HAT AT \$3.00 UP

Made of white Java or Milan straw, nicely trimmed with velvet and Cabuchon.

MISSIES' READY-TO-WEAR HATS AT 85c UP

Made of Jap straw, plain or mixed, trimmed with ribbon and Cabuchon. The colors are navy, rose, brown, burnt, white and Saxe.

BOYS' WEAR

Those buying wear for Boys should not fail to visit the store which is making the strong point and a specialty of boys' outfits of all kinds. Whatever of the new productions look to us suitable and well to buy, that we immediately procure. Very many of our lines are not obtainable elsewhere in Edmonton. For boys of all ages we have everything necessary.

Boy Scout Outfits

Those in command of the Boy Scout Movement in Edmonton have appointed W. Johnstone Walker & Co. as the headquarters for securing the regulation outfit. We will be pleased to receive orders for these at any time.

SPRING FOOTWEAR

No lady who is particular about the taste-cosmopolitan of her attire can afford to be purchasing new hats and dresses without giving attention to the shoes. In seeking for the best style, the greatest comfort and the kind of footwear which will best accompany the newest form of costume ladies should not fail to inspect the new Spring stock of the store which is doing the largest shoe business in the city. This statement is not able to be made truthfully for any other reason than that the Manufacturers from whom we buy supply us with the necessary lines at the right prices. We feature strongly the "Dorothy Dodd," whose products are built on such beautiful lines that the modern, narrow and rather short skirt is an innovation which this department greets with great satisfaction. No one can wear these new skirts without also having the very best shoes and we believe that the very best are found with us.

LADIES' GLOVES

Gloves are essential to the costume of every well dressed woman. There is an old saying that you can tell a gentleman by his hands and feet; one might paraphrase this by saying that you can tell a lady by her gloves and shoes. This may not apply absolutely in every case, but to lady is in the habit of appearing in public without smart gloves. Look through this list and you will find a number of new styles named. From these it should not be hard for you to select a pair to go with your new costume.

"ALEXANDRINA" QUALITY AT \$1.25 PER PAIR

Alexandre make, made from the very best fine, stretchy skins; oversewn seams and silk stitched backs; the colors are clear and rich and come in tans, browns and black; sizes 5 1-2 to 8.

"EUGENIE" QUALITY AT \$1.50 PER PAIR

Alexandre make; these are the best wearing and most satisfactory gloves we have ever handled; nicely stitched backs and 2 dome fasteners. The colors are tans and black; sizes 5 1-2 to 8.

"EGLANTINE" QUALITY AT \$1.50 PER PAIR

Perrin's make; this is a lovely glove and has given general satisfaction; well stitched, with fancy points and 2-dome fasteners; the colors are black, tans, browns, navy, wine, myrtle, grey and white; sizes 5 1-2 to 8.

"ADONIS" QUALITY AT \$1.25 PER PAIR

Perrin's make; superior to other gloves of this finish in that they are made from real kidskins; finely stitched oversewn seams and a very neat fitting glove. We have them in black, tans and browns, and the sizes are 5 1-2 to 8.

"VERONA" QUALITY AT \$1.00 PER PAIR

This is indeed a good glove considering the ridiculously low price which we are asking for them. They are made from finest quality lambskin, fancy backs and dome fasteners; the colors are tans and black only; sizes 6 to 8.

"VARBERG" QUALITY AT \$1.00 PER PAIR

These are the Cape style glove so very popular for driving or general street wear; fancy stitched backs and large concave fastener. We have these in tan only; Sizes 6 to 8.

Suits, Coats, Dresses, Etc.

In the Ready-To-Wear Salon on the Second Floor.

At this, the Second Annual Spring Opening of our enlarged ready-to-wear department you will find an authoritative and correct exposition of the season's Modes. We have been more successful than ever in preparing for your inspection and criticism a representative showing of high class and perfect fitting garments at moderate prices. The markets of the wide world are contributing to this display. From Brussels, lace coats, from France coats of silk, whilst England has sent coats of high grade Broadcloth, and the United States a sprinkling of all her new fashions, and our Canadian products are not least though last.

STYLE FEATURES

A word or two as to the style features will probably be well timed just now. The diversity of style and material is very pronounced in comparison with last season. Shepherd's Plaid is one of Dame Fashion's strong favorites, not so much as a suiting as for separate coats and skirts. In the colors "King's Blue" is quite predominant. In it the coats are quite short, 24 to 26 inches being the popular length with the plain sleeve and a strong feature in the long lines with just the slightest suggestion of a waist. Skirts are very plain and narrow.

In separate coats, a department in which we have a particularly strong showing, the long lines are also in evidence. Full length is in order and fashion shows a preference for Sailor Collars and Roll Effects. Here and there you will find a suggestion of the high waist line.

In material the Shepherd's Plaids, Twills and Clevatis are all going to be very popular, but one should not overlook the Rajahs, Bengelines, Satins, Repps and Linens.

In separate skirts the general tendency is for the narrower model with, in some cases, the fullness commencing at knee length from a strap of self or silk and with pleatings all the way round. Panamas and Serges in staple shades are the safest to invest in.

RAINPROOF COATS

We have a very considerable showing of rain coats in Rubberized Silks, Paraffin, Rosaberry's and Crayonettes. Most of these are in Shepherd's Plaid, Black, Navy, Olive, Grey or Red. In this particular line we are catering to the younger generation as well as the "grown-ups." You should see the cute little circular caps with hood, suitable for school wear.

WAISTS

Waists, of course, are always a matter of interest to the well dressed lady and we are particularly strong in this department. The Tailored variety as usual are good for present wear and we are showing a very exclusive line in pure Irish Linen and Luene, the well known Reilly manufacture, of which we have the exclusive selling rights. Sleeves are mostly three-quarter length or short in the Kimono Style and the Dutch neck is frequent.

SUITS

In suits we are featuring the "Princess" Brand, conceded to be unsurpassed in fit, style and finish. There is no question possible as to the exclusiveness of these and we control the selling rights of this particular line.

FITTINGS AND ALTERATIONS

No extra charge is made for alterations, it is our aim that no purchaser shall leave the store unless the fit is perfect. Miss Bruce is in charge of this department and her experience, which is very extensive, is entirely at your service both in the matter of fitting and selection.

DRESS AT \$2.50
